

Talema - India

QUALITY, ENVIRONMENTAL AND OH&S POLICY

The Talema Group of companies is committed to provide world class quality products that consistently meet or exceed our customer expectations by manufacturing and marketing a broad range of power and encapsulated toroidal and non-toroidal transformers, inductors and chokes which meet all applicable legislation, statutory and regulatory requirements and fulfillment of environmental compliance obligations. We have the following systems and procedures in place to support us in our aim of total customer satisfaction through Man, Material, Machine, Methods, Measurement and continuous improvement throughout our business.

The strategy we adopt:

- ❖ Execute business activities promoting the preservation and protection of vital natural resources by effective utilization of compressed air, water, energy, waste and other resources.
- ❖ Prevent pollution by adopting Reduce, Reuse and Recycle methods and eliminate/minimize/control the environment aspects.
- ❖ Prevent work related injury and ill health to our employees, visitors, interested parties and the public through eliminate hazards and risk. We will achieve this by creating consultation and participative work culture through awareness to conduct their activities in a safe and environmentally responsible manner.
- ❖ Establish metrics, then monitor and analyze results on an on-going basis to verify and validate our processes' performance and make improvements as needed; and set goals for continual improvement based on measured results.
- ❖ Continually improve the performance of Integrated Management System.
